

# What Sets CMC Apart from Other Practices

## *Our Mission Statement:*

*“To provide caring attention and quality patient care to each patient experience and support our families with compassionate and personalized service in a unified professional atmosphere.”*

- Unlike most Pediatric offices where all the patients wait in one large area, we have 3 separate waiting areas. Newborn, Sick, and Well waiting rooms.
- With three convenient locations, patients have many options for appointments times and choice of doctor.
- We have In-house Labs and X-ray.
- We are open 365 days of the year.
- CMC provides after hours for the working parents.
- Our Nurse hotline is available to our patients with a registered nurse to help with the patients' needs.
- Our Referral department goal is to make your experience as pleasant as possible. We make every effort to accommodate your needs.
- All of CMC Doctors are Board Certified through the AAOP
- CMC is also affiliated with the Memorial Hospital Healthcare System
- Our Friendly and Courteous In-House Billing/Collections Department is here to assist you with all your questions or concerns.
