

Covid-19 Announcement

Dear Patients,

During these uncertain times, Winter Park Colon and Rectal Specialists is committed to the health and well being of our patients and our community. We want you to know that we are here for you and your healthcare needs while maximizing your safety and the safety of our staff.

Winter Park Colon and Rectal Specialists is **OPEN** for all in-office appointments effective May 11, 2020.

We continue to provide the highest standards of care in a safe environment. We are now ready to resume seeing patients in the office for all office-based visits and procedures. Additionally, we are resuming elective outpatient procedures (colonoscopy and surgery) as of May 13, 2020.

We are following the highest standards of infection prevention and control protocols.

All staff are wearing masks and other appropriate protective equipment and all surfaces are cleaned with disinfectant regularly. We will require the 6 foot spacing in our waiting room, or if you prefer to wait in your car, we can call you when your exam room is ready.

Dr. Kaiser is also offering Virtual/Telehealth Appointments from the comfort of your home.

Telehealth appointments are available with Dr. Kaiser. You may qualify for live, video chat for routine follow up care and colonoscopy consultations. These virtual appointments are covered by Medicare and many commercial insurances.

Winter Park Colon and Rectal Specialists, Dr. Kaiser and her staff, are here for you as we resume our new normal working conditions. Please call our office with any questions you may have.

Sincerely,

Winter Park Colon and Rectal Specialists

Jacqueline L. Kaiser, MD,
Shannon, Emily, Dayna and Ashley
